

Minutes of the April 9, 2008 New Jersey Computer Club General Membership Meeting

The meeting was held at the North Branch Reformed Church with 32 members and 4 guests present. Two of the guests joined the NJCC at the meeting.

The Random Access Q&A session started at 7:00 PM. The Trenton Computer Festival, the world's oldest and largest personal computer show, will be held at The College of New Jersey in Ewing Township on April 26th and 27th. A Professional Seminar will be held on April 25th. Details may be found at <http://www.tcf-nj.org/web/>

President Fred Sabin has received a generous donation of software from Webroot (at <http://www.webroot.com>) to benefit the NJCC Memorial Award Fund. The following are available on a first-come first-served basis to NJCC members: Webroot Window Washer at \$15; Webroot Spy Sweeper at \$15; and Webroot Antivirus + Spy Sweeper + Firewall at \$25.

At 7:15 PM the business meeting was called to order and guests were welcomed and introduced. A motion was made, seconded and approved for the approval of the recent Minutes and Treasurer's Reports as posted on our NJCC website.

Doug Beck, NJCC Webmaster, then continued his excellent presentation started last month on buying and selling on eBay. Last month his emphasis was on buying, and this month it was on selling tips and techniques. He shared his personal knowledge and experience to demonstrate the numerous options that are available, and then showed in depth how he had developed an effective "classified ad" (one of the many available alternatives) to rent a home in Florida. It was obvious that our membership was greatly interested in eBay and Doug's presentations, and additional programs on this subject will probably be scheduled in the future.

The May 14th NJCC meeting will a presentation of the most important differences and workarounds between Excel 2007 and Excel 2003 by Paul Natanson.

The meeting was adjourned at 9:15 PM.

Respectfully submitted,

Fred Sabin
NJCC President
